**2010**

**Joseph W. Maloney Award**

## **Martin Patrick Castrechini**

Marty Castrechini grew up in Westwood and attended school within the Westwood School System, his first job was at a small local service station at the age of 14. He would ride his bike to the Pheasant Hill Exxon station about a mile from his home to hang around, observe and offer his two cents about cars. The owner admired Marty's enthusiasm and knowledge at such a young age so he offered him a job pumping gas and other odd jobs around the shop.

He met his wife Doreen in the late 80s and after a 9 year courtship; they married in 1998 moved to their first home in Wrentham. After a year and a half they purchased a newly built home in Milford where he resides today. Marty receives great pleasure in the "simple things" life has to offer: a sunset cruise on his boat Bella Vita with his wife by his side, reading a good book, enjoying a nice scotch by the fireplace at the end of a long day and spending quality time with family and friends.

Over the years Marty's career path led him in diverse directions; he has been an Assistant Property Manager for Flatley Properties, Salesman for Good Brothers Ford and 19 years ago accepted a job offer selling large trucks at Minuteman Truck Sales in Walpole, Ma. Marty's enthusiastic, dedicated and hardworking nature earned him a promotion 5 years ago as General Sales Manager at Minuteman.

Those close to Marty will tell you he not only welcomes but appreciates a challenge and prides himself on following it through to the end. His peers, counterparts and business associates will offer that Marty is honest, committed and loyal. Family and friends say he optimistic, warm hearted with a generous spirit. Whether it's time with family and friends or efforts on the job scene he makes a conscious effort to bring a lot to the table.
